

# Hell Of A Long Time

Blue Jeans black skirt brand new boots and heels  
Dressed up to the tens cause 9 ain't a big enough deal  
Locked in that VIP booth down at the Silver Moon  
Finally gettin' off this broken wheel  
And feelin' those weekend feels

**We're gonna kick it on up, Get  
Another round messed up, yeah  
Gonna get Reckless Crazy Stupid Drunk Tonight That's right  
We're gonna get lit, Get  
Three sheets to the wind, yeah  
Cause this day's been coming for a hell of a long time  
A hell of a long time**

Longnecks to whiskey then whiskey to wine  
Throw it on back with a little bitta salt and lime  
It's been a red hot minute ain't it good to be back  
With a Jack on ice and leaving it all behind  
In the glimmer of the neon lights

## **Chorus**

With another scotch on the rocks and a Malibu splice  
We'll watch that old tequila sunrise

## **Chorus x2**

A hell of a long time  
A hell of a long time
