

Coulda Shoulda Woulda

Should've seen it coming from the first date
10, 20, 35 minutes too late
Shared a lovely dinner but you made me pay
As you scheduled in our second date
Could've been the way you looked that night
When we kissed and you pulled me in tight
I got lost in your hazel eyes
One thing led to another I was
Paralysed

I live with no regrets
I just didn't know what was best
Your someone I'm happy to forget
Coulda Shoulda Woulda
But I didn't
Coulda Shoulda Woulda
But I didn't Swipe left

You only call me after 10pm
Wanting to slip into my bed
Say you're only hanging out with your friends
But baby I ain't met, one of them

Chorus

Coulda Shoulda Woulda (*Coulda Shoulda Woulda*)
Coulda Shoulda Woulda (*Coulda Shoulda Woulda*)
Coulda Shoulda Woulda (*Coulda Shoulda Woulda*)
Said I Coulda Shoulda Woulda

Chorus

Coulda Shoulda Woulda
But I didn't swipe left
Coulda Shoulda Woulda
But I didn't
